

MATERIAL SAFETY DATA SHEET

1. Identification of the substance(s)

Product Name: 12 inch Plastic shaft sponge swab

Product Code: TS/15-CP

Alternative Name: Jumbo Drain Swab

Revision: 2

Date: 30.04.2012

Supplier: Technical Service Consultants Ltd

Microbiology House, Fir St, Heywood,
Lancashire OL10 1NW, UK

2. Material Composition(s)

Blue Polypropylene Shaft and cellulose blue Sponge swab in tube.

3. Quantity & Dimensions

Quantity: 100 per Box

Dimension: Overall Length 300±2.0mm x 18.0±2.0mm at
widest point (swab head diameter)

4. Storage

Store in a cool, dry and ventilated area away from heat and ignition sources.

5. Performance & Manufacture

These swabs are manufactured to withstand normal handling, however if extreme pressure is exerted product will be damaged.

6. Fire-fighting measures

Special risks: Cotton tip combustible. Will evolve toxic fumes in fire.

Extinguishing media: Water spray, Dry powder, sand or carbon dioxide.

7. Physical and chemical properties

Colour: Blue Shaft/Sponge.

Odour: Not applicable

Oxidising Properties: Not applicable

Melting temperature: Not applicable

Water Solubility: Not applicable

Explosive Properties: Not applicable

Flash point: Not applicable

8. Stability and reactivity

Reactivity: The material is supplied in a stable condition, and presents no significant reactivity hazard by itself or in contact with water. As a precaution, avoid contact with strong acids, alkali or strong oxidising agents.

Decomposition: Carbon monoxide and unidentified organic compounds may be formed during combustion.

9. Disposal considerations

Please dispose of this product in a responsible manner, following all local and national regulations. Product(s) containing chemical or biological hazards should be made safe before disposal. For advice on disposal, contact your local waste disposal authority, or pass to a chemical/biological disposal company.

10. Other information

Revision: 2	Supersedes issue of 16.03.2011
Changes in Section :	Change of address and logo
Date of issue:	30.04.2012

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. The information given in the data sheet does not constitute the user's own assessment of risk as required by Health & Safety legislation currently in force. Only competent personnel within a suitably controlled environment should handle these products. Technical Service Consultants Limited shall not be held liable for any damage from handling or from contact with the product(s).
