

MATERIAL SAFETY DATA SHEET

1. Identification of the substance(s)

Product Name: Pure Viscose Tip Female Swab in Tube, Breakpoint @45mm
Product Code: TS/19-P

Alternative Name: Not Application
Revision: 1 **Date:** 01.05.2012

Supplier: **Technical Service Consultants Ltd**
Microbiology House, Fir St, Heywood,
Lancashire OL10 1NW, UK

2. Material Composition(s)

Polypropylene tube, containing a breakable polystyrene shaft tipped with Pure Viscose.

3. Quantity & Dimensions

Quantity: 500 per Box
Dimension: Shaft 146±0.1mm x 4.5±0.1mm at widest point (swab head diameter)

4. Storage

Store in a cool, dry and ventilated area away from heat and ignition sources.

5. Performance & Manufacture

These swabs are manufactured to withstand normal handling, however if extreme pressure is exerted product will be damaged.

6. Fire-fighting measures

Special risks: Combustible. Will evolve toxic fumes in fire.

Extinguishing media: Water spray, Dry powder, sand or carbon dioxide.

7. Physical and chemical properties

Colour:	White wool/white shaft.	Water Solubility:	Not applicable
Odour:	Not applicable	Explosive Properties:	Not applicable
Oxidising Properties:	Not applicable	Flash point:	Not applicable
Melting temperature:	Not applicable		

8. Stability and reactivity

Reactivity: The material is supplied in a stable condition, and presents no significant reactivity hazard by itself or in contact with water. Avoid contact with strong acids, alkali or strong oxidising agents.

Decomposition: Carbon monoxide and unidentified organic compounds may be formed during combustion.

9. Disposal considerations

Please dispose of this product in a responsible manner, following all local and national regulations. Product(s) containing chemical or biological hazards should be made safe before disposal.
