

MATERIAL SAFETY DATA SHEET

1. Identification of the substance(s)

Product Name: Polypropylene Shaft, Cotton Tip Swab in Tube,
50 tubes in the sealed outer bag

Product Code: TS17-DC

Alternative Name: N/A

Revision: 2 **Date:** 01.05.2012

Supplier: Technical Service Consultants Ltd

Microbiology House, Fir St, Heywood,
Lancashire OL10 1NW, UK

2. Constitutions

Polypropylene tube containing white polypropylene shaft, tipped with pure cotton. Plastic outer bag

3. Quantity & Dimensions

Quantity: 500 per Box : 50 in the bag; 10 bags in the box

Dimension: Shaft 148±0.1mm x 4.0±0.1mm at widest point (swab head diameter)

4. Storage

Store at < 25°C in a dry and ventilated area away from heat and ignition sources. Protect from light and moisture in tightly closed original containers.

4. First aid measures

Eye contact: Irrigate thoroughly with sterile water or isotonic saline for at least 10 minutes.
SEEK MEDICAL ATTENTION.

In severe cases, OBTAIN MEDICAL ATTENTION.

Ingestion: Wash out mouth thoroughly with water and give plenty of water to drink.

Do not induce vomiting. OBTAIN MEDICAL ATTENTION.

5. Performance & Manufacture

These swabs are manufactured to withstand normal handling, however if extreme pressure is exerted product will be damaged.

6. Fire-fighting measures

Special risks: Combustible. Emits toxic fumes under fire conditions.

Extinguishing media: Water spray, carbon dioxide, dry chemical powder, or appropriate foam.

7. Physical and chemical properties

Colour:	White fibre/White shaft.	Water Solubility:	Not applicable
Odour:	Not applicable	Explosive Properties:	Not applicable
Oxidising Properties:	Not applicable	Flash point:	Not applicable
Melting temperature:	Not applicable		

8. Stability and reactivity

Reactivity: The material is supplied in a stable condition, and presents no significant reactivity hazard by itself or in contact with water.

Decomposition: Carbon monoxide and unidentified organic compounds may be formed during combustion.

9. Disposal considerations

Please dispose of this product in a responsible manner, following all local and national regulations. Product(s) containing chemical or biological hazards should be made safe before disposal. For advice on disposal, contact your local waste disposal authority, or pass to a chemical/biological disposal company.

10. Other information

Revision. 2	Supersedes issue of 10.05.2007
Changes in Section :	New logo and change of address
Date of issue:	01.05.2012

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information given in the data sheet does not constitute the user's own assessment of risk as required by Health & Safety legislation currently in force. All chemicals should be handled only by competent personnel within a suitably controlled environment. Technical Service Consultants Limited shall not be held liable for any damage from handling or from contact with the product(s).
